2012-13 Kindergarten Registration in Progress through March 15th

Kindergarten registration for Nicasio School's 2012-13 academic year is now underway, and will continue through March 15th. Children eligible for registration must be 5 years old on or before November 1, 2012 (as per California Education Code - EC Section 48000[a]), and reside within the boundaries of the Nicasio School District.

Parents can pick up kindergarten registration packets from the school office M-F between the hours of 8:30 am and 3:30 pm. Registration materials are also available on the school website: www.nicasioschool.org.

Along with the completed registration forms, parents must submit copies of their child's health and immunization records, birth certificate or passport (original or certified copy), and two forms of address verification including a current driver's license or utility bill, *and* a property tax bill or notarized rental agreement.

Please contact the school office at 662-2184 for more information.
