Executive Summary School Accountability Report Card, 2007-08

Nicasio School

Address: 5555 Nicasio Valley Rd. , Nicasio CA 94946 Phone: 415-662-2184
Principal: Christy Stocker Grade Span: K - 8

This executive summary of the School Accountability Report Card (SARC) is intended to provide parents and community members with a quick snapshot of school accountability. The data presented in this report are reported for the 2007-08 school year, except the School Finances and School Completion data that are reported for the 2006-07 school year. For additional information about the school, parents and community members should review the entire SARC or contact the school principal or the district office.

About This School

Nicasio School is a unique public school that has been serving the Nicasio community since 1867. We offer a multi-graded educational program that focuses on the intellectual, emotional and social development of each of our students. Nicasio School students receive a challenging and creative academic program in a beautiful rural setting and safe, welcoming environment. Small class sizes, highly qualified teachers and staff, an involved board and dedicated parent volunteers contribute significantly to our school.

In order to meet the needs of our students, we provide a balanced curriculum that reflects both the state and local school district educational standards. In addition to using current state-adopted curriculum for all of our core subjects, we offer several enrichment programs to K-8 students through specialist instructors. Over the years, enrichment programs have included Spanish, Drama, Art, Music, and Poetry. At Nicasio School, student achievement and progress are measured through state assessments (STAR and California Physical Fitness Test) as well as through county assessments prepared by the Marin Teaching Network (MTN), formerly known as Education Task Force (ETF).

We are proud of our accomplishments and look forward to further enhancing our educational program and meeting the needs of our students.

School Facilities

The district takes great effort to ensure that the school facilities are clean, safe, and functional. To assist us in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the school district office.

Our single-school district is comprised of one administrative building, one multi-purpose building, four classrooms, one resource room, a library, computer lab, science lab and an art studio. New construction and modernization were completed in 2002.

The school has custodian who works Monday through Friday to ensure that the campus is clean, safe, and in good working condition. Larger repair and maintenance projects are overseen by the Principal and other members of the administrative team and are addressed in a timely manner.

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. During the summer of 2007, deferred maintenance funds were spent to touch up the exterior paint throughout the campus. Additional deferred maintenance funds were used in spring of 2008 to address a roof leak in the multi-purpose building.

During a facility inspection conducted on April 8, 2009, the school was found meeting most or all standards of good repair. Deficiencies noted are not significant and impact a very small area of the school.

Repairs Needed

The following repairs have been identified as necessary: 1) Repair drinking fountain on playground; and 2) Identify source of intermittent propane gas odor near kitchen area of multipurpose room (MPR) building.

Corrective Actions Taken or Planned

The drinking fountain is scheduled for repair in Spring, 2009; and the gas odor investigation in the MPR is continuing, with the intent to resolve before Fall 2009.

2007-08 School Accountability Report Card Report (SARC)

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available at the [SARC](#) Web site. For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

[DataQuest](#) is an online data tool that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP]), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

II. About This School

Contact Information (School Year 2008-09)

This section provides the schools contact information.

School Description and Mission Statement (School Year 2007-08)

This section provides information about the school's goals and programs.

Nicasio School is a unique public school that has been serving the Nicasio community for since 1867. We offer a multi-graded educational program that focuses on the intellectual, emotional and social development of each of our students. Nicasio School students receive a challenging and creative academic program in a beautiful, safe and welcoming environment. Small class sizes, highly qualified teachers and staff, an involved board, and dedicated parent volunteers contribute significantly to our success.

Vision Statement: Nicasio School prepares students to excel in high school and in life by attracting and maintaining outstanding teachers who deliver a stimulating curriculum through innovative instructional methods. Working with parents and the community, we support all students in reaching their full potential academically, physically, and emotionally by providing a safe and nurturing environment.

Mission Statement: Benefiting from its unique rural setting, strong sense of community and distinguished history, Nicasio School will educate children to value learning, act with integrity, live a healthful life, and participate as responsible citizens both globally and locally.

Opportunities for Parental Involvement (School Year 2007-08)

This section provides information about opportunities for parents to become involved with school activities.

Parents regularly volunteer both in and outside the classroom. Parents are provided with opportunities to sign up for various volunteer jobs at the start of each school year. Parents also volunteer through the Nicasio School Foundation (www.nicasioschoolfoundation.org), which sponsors several fundraising activities throughout the year. Funds raised help provide a number of enrichment programs school-wide including music, drama, art, and Spanish, as well as short-term programs such as dance, writing specialists, and technology assistance. Supplemental supplies and materials as well as upgrades to the campus are also generously donated.

Student Enrollment by Grade Level (School Year 2007-08)

III. School Climate

School Safety Plan (School Year 2007-08)

This section provides information about the school's comprehensive safety plan.

Through an annual comprehensive survey distributed by the Site Council and other site inspections, the Nicasio School District regularly seeks ways to improve school safety. Recent implementations include extension of the campus perimeter fence, expanding exterior lighting, and providing each campus building and instructional classroom with emergency kits and communication devices.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District

IV. School Facilities

Facility Conditions and Planned Improvements (School Year 2008-09)

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

New construction and modernization of the entire campus was completed in 2002. The campus includes an administrative building, four classrooms, an art room, science lab, computer lab, library and multi-purpose building. Staff, students, parents and other members of the community have developed an outdoor organic garden. A soccer field and full-size basketball court were completed in 2003. Students and staff take pride in the campus and classes share responsibility in picking up trash around the campus. In addition, Nicasio School's parent community generously contributes resources (labor and materials) to help maintain and improve the school facility and grounds.

School Facility Good Repair Status (School Year 2008-09)

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

Item Inspected	Repair Status			Repair Needed and Action Taken or Planned

Teacher Misassignments and Vacant Teacher Positions

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester). Note: Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Indicator	2006-07	2007-08	2008-09
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments	0	0	0

Core Academic Classes Taught by No Child Left Behind Compliant Teachers (School Year 2007-08)

This table displays the percent of classes in core academic subjects taught by No Child Left Behind (NCLB) compliant and non-NCLB compliant teachers at the school, at all schools in the district, at high-poverty schools in the district, and at low-poverty schools in the district. More information on teacher qualifications required under NCLB can be found at the [NCLB](#) Web site.

Location of Classes	Percent of Classes In Core Academic Subjects	
	Taught by NCLB Compliant Teachers	Taught by Non-NCLB Compliant Teachers

VI. Support Staff

Academic Counselors and Other Support Staff (School Year 2007-08)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Title	Number of FTE Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor	0	0
Library Media Teacher (Librarian)	0	0
Library Media Services Staff (paraprofessional)	0	0
Psychologist	*	0
Social Worker	0	0
Nurse	*	0
Speech/Language/Hearing Specialist	*	0
Resource Specialist (non-teaching)	*	0
Other	0	0

***NOTE:** As needed, Nicasio School students do have access to a Resource Specialist, Speech and Language Therapist, Psychologist, and Nurse. Each year the Marin County Office of Education assigns staff to Nicasio School to ensure adequate support for our students.

VII. Curriculum and Instructional Materials

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2008-09)

This table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school, and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Core Curriculum Area	Quality, Currency, and Availability of Textbooks and Instructional Materials	Percent of Pupils Who Lack Their Own Assigned Textbooks and Instructional Materials

VIII. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2006-07)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures can be found at the [Current Expense of Education](#) Web page and teacher salaries can be found on the [Certificated Salaries and Benefits](#) Web page.

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental)	Expenditures Per Pupil (Basic)	Average Teacher Salary
School Site	\$7,412	n/a	\$ 7,412	\$51,558
District	N/A	N/A	\$ 7,412	\$51,558
Percent Difference – School Site and District	N/A	N/A	n/a	n/a
State	N/A	N/A	\$5,300	\$54,322
Percent Difference – School Site and State	N/A	N/A	+ 28%	- 5%

Types of Services Funded (Fiscal Year 2007-08)

This section provides information about the programs and supplemental services that are available at the school and funded through either categorical or other sources.

Nicasio School's student programs and services take place within the regular school day. The campus is made available to organizations that provide a variety of after school activities. Through the Nicasio School Foundation, scholarships are made available so that all children have the opportunity to participate in these programs. Similarly, the Nicasio School Foundation organized a two-day per week organic hot lunch program with scholarships available for families in need.

Teacher and Administrative Salaries (Fiscal Year 2006-07)

This table displays district-level salary information for teachers, principals, and superintendents, and compares these

figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found on the [Certificated Salaries and Benefits](#) Web page.

Category	District Amount	State Average For Districts In Same Category
Beginning Teacher Salary	\$41,586	\$37,322
Mid-Range Teacher Salary	\$57,030	\$53,824
Highest Teacher Salary	\$68,032	\$67,700
Average Principal Salary (Elementary)	\$80,000	\$85,507
Average Principal Salary (Middle)	\$80,000	\$91,421
Average Principal Salary (High)	n/a	\$
Superintendent Salary	Superintendent services provided by MCOE	\$104,993
Percent of Budget for Teacher Salaries	36.2 %	37.6 %
Percent of Budget for Administrative Salaries	7.1 %	6.4 %

IX. Student Performance

California Standards Tests

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades 2 through 11; science in grades 5, 8, and 9 through 11; and history-social science in grades 8, and 10 through 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found on the [Standardized Testing and Reporting \(STAR\) Results](#) Web page.

CST Results for All Students - Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

Subject	School			District			State		
	2005-06	2006-07	2007-08	2005-06	2006-07	2007-08	2005-06	2006-07	2007-08

History-Social Science			*			*	33	33	36

Note: Scores are not shown when the number of students tested is 10 or less because the number of students in this category is too small for statistical accuracy or privacy protection. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

CST Results by Student Group – Most Recent Year

This table displays the percent of students, by group, achieving at the Proficient or Advanced level (meeting or exceeding the state standards) for the most recent testing period.

In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

California Physical Fitness Test Results (School Year 2007-08)

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students meeting the healthy fitness zone on all six fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found on the [Physical Fitness Testing](#) Web page.

Grade Level	Percent of Students Meeting Healthy Fitness Zones

Note: Scores are not shown when the number of students tested is 10 or less because the number of students in this category is too small for statistical accuracy or privacy protection. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the [API](#) Web page.

API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. These ranks are published when the Base API is released each March. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2005	2006	2007
Statewide	10	10	9
Similar Schools	N/A	N/A	N/A

"N/A" means a number is not applicable or not available due to missing data.

"**" means this API is calculated for a small school, defined as having between 11 and 99 valid Standardized Testing and Reporting (STAR) Program test scores included in the API. The API is asterisked if the school was small either in 2007 or 2008. APIs based on small numbers of students are less reliable and therefore should be carefully interpreted.

"A" means the school or subgroups scored at or above the statewide performance target of 800 in 2008.

"B" 6024483

"C" means the school had significant demographic changes and will not have any growth or target information.

"D" means this is either an LEA, an Alternative Schools Accountability Model (ASAM) school, or a special education school. Target information is not applicable to LEAs, ASAM schools, or special education schools.

"E" indicates this school was an ASAM school in the 2007 Base API Report and has no target information even though the school is no longer an ASAM school.

API Changes by Student Group – Three-Year Comparison

This table displays by student group the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

Group	Actual API Change			Growth API Score
	2005-06	2006-07	2007-08	2008
All Students at the School	2	-17	-1	*871
African American				
American Indian or Alaska Native				
Asian				
Filipino				
Hispanic or Latino				
Pacific Islander				
White (not Hispanic)				
Socioeconomically Disadvantaged				
English Learners				
Students with Disabilities				

"N/A" means a number is not applicable or not available due to missing data.

"**" means this API is calculated for a small school, defined as having between 11 and 99 valid Standardized Testing and Reporting (STAR) Program test scores included in the API. The API is asterisked if the school was small either in 2007 or 2008. APIs based on small numbers of students are less reliable and therefore should be carefully interpreted.

"A" means the school or subgroups scored at or above the statewide performance target of 800 in 2008.

"B" means the school did not have a valid 2007 Base API and will not have any growth or target information.

"C" means the school had significant demographic changes and will not have any growth or target information.

"D" means this is either an LEA, an Alternative Schools Accountability Model (ASAM) school, or a special education school. Target information is not applicable to LEAs, ASAM schools, or special education schools.

"E" indicates this school was an ASAM school in the 2007 Base API Report and has no target information even though the school is no longer an ASAM school.

Adequate Yearly Progress

The federal NCLB act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the [AYP](#) Web page.

AYP Overall and by Criteria (School Year 2007-08)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	Yes	Yes
Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	Yes	Yes

Percent Proficient - Mathematics	Yes	Yes
API	Yes	Yes
Graduation Rate	N/A	N/A

Federal Intervention Program (School Year 2008-09)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the [AYP](#) Web page.

XI. School Completion and Postsecondary Preparation

Admission Requirements for California Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements please visit the [University of California](#) Web site.

California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the [California State University](#) Web site.

Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period for which data is available. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found on the [DataQuest](#) Web site.

Indicator	School			District			State

Completion of High School Graduation Requirements

Students in California public schools must pass both the English-language arts and mathematics portions of the California High School Exit Examination (CAHSEE) to receive a high school diploma. For students who began the 2007-08 school year in the 12th grade, as evidenced by that school year's October CBEDS enrollment, this table displays by student group the percent who met all state and local graduation requirements for grade 12 completion, including having passed both portions of the CAHSEE or received a local waiver or state exemption. Detailed information about the CAHSEE can be found at the [CAHSEE](#) Web page. Note: "N/A" means that the student group is not numerically significant.

Graduates Who Completed All Courses Required for UC/CSU Admission	N/A

XII. Instructional Planning and Scheduling Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

Over the past three years, teachers have participated in three staff professional development days each school year. In addition, teachers have met two times per month for staff meetings, which often cover professional development topics. In Fall, 2007, weekly PLC (professional learning community) workshops were incorporated into the instructional day.
